VINIT GITE

Frontend Developer (React JS)

vinitgite1628@gmail.com • +91 9373508774 • Pune, India • LinkedIn • GitHub • Portfolio

SUMMARY

- Frontend Developer with 2 years of full-time experience building responsive, scalable, and user-friendly web applications using React.js, JavaScript, HTML5, and CSS3.
- Skilled in reusable UI components, REST API integration, responsive designs, data visualization, real-time interfaces, and frontend performance optimization.
- Hands-on experience with Vite, Tailwind CSS, Bootstrap, Git, Postman, and API-driven applications; effective in collaborating with designers, backend developers, QA, and business teams.

SKILLS

- React.js, JavaScript (ES6+), HTML5, CSS3, API Integration, Responsive Design, Reusable Components, Tailwind CSS, Bootstrap, Vite, Git, GitHub, Bitbucket, Postman, NPM, Jira, ECharts, Data Visualization, Figma

WORK EXPERIENCE

Associate Frontend Developer Apr 2025 – Jul 2026
ChiStats | Pune India

- Built and optimized responsive UI components for data analytics applications, improving UI performance and developer efficiency by 40%.
- Developed the Aquatech Dashboard using React.js and Bootstrap, integrating REST APIs for real-time monitoring, analytics, and interactive data visualization.
- Built FinGeni, an AI-powered financial chatbot interface, using React.js and Material Tailwind, integrating APIs for real-time financial insights and recommendations.

Frontend Developer Intern Jun 2024 – Apr 2025
ChiStats | Pune India

- Developed responsive web interfaces using React.js, JavaScript, HTML, CSS, and Tailwind CSS, building reusable UI components for dashboards, analytics, and data-driven applications based on business and design requirements.
- Developed frontend workflows for JurisAssist, an AI-driven legal document analysis platform, and built a Sentiment Analysis interface supporting ZIP uploads, real-time loading states, responsive interactions, and API-integrated functionality.
- Integrated APIs and applied reusable component architecture, responsive design practices, Git-based workflows, and frontend development standards to deliver maintainable, scalable, and user-friendly interfaces while collaborating with the development team.

PROJECTS

CodeRev – AI-Powered Code Review Platform | React 19 | Vite 8 | Tailwind CSS 4 | React Router | Monaco Editor | Google GenAI SDK | Motion | Lenis | shadcn/Base UI | Figma | Link

- Built an AI-powered code reviewer with automated analysis, code explanations, and intelligent code fixes using Gemini.
- Integrated Monaco Editor with 40+ language options, syntax highlighting, and custom light/dark themes.
- Implemented structured AI reviews with quality scores, security insights, line-level issues, API key validation, and (Bring Your Own Key) BYOK support.

Summarizo | React.js | JavaScript | Tailwind CSS | shadcn/ui | Vite | Google Gemini API | React Router | Figma | Link

- Built a responsive AI text summarizer with React.js and the Google Gemini API so users can paste long articles and notes and get clear, concise paragraph summaries with live word/sentence counts, validation, loading states, and one-click copy.
- Added a 5-free-use quota with progress tracking, optional bring-your-own Gemini API key (test and save locally), light/dark theme, an animated landing page, and React Router between the marketing home and summariser tool.

Xchangeo | React.js | JavaScript | Tailwind CSS | Material UI | Frankfurter API | React Router | Recharts | Figma | Link

- Built a responsive currency converter with React.js and the Frankfurter API for live exchange rates across worldwide currencies.
- Let users pick a currency pair and amount, then view the converted result, the latest rate, the 24-hour change, and a one-click copy of the amount.
- Added historical rate charts with preset and custom date ranges using Recharts, and wired landing and converter pages with React Router and a Tailwind CSS interface.

EDUCATION

B.Tech in Computer Engineering **2019 - 2023**

Vishwakarma Institute of Technology • Pune, Maharashtra, India
CGPA: 8.61/10

CERTIFICATIONS

- HTML and CSS Certification — CodeDamn | Link
- React.js Certification — Great Learning | Link
- Fundamentals of MERN Stack — 3RI Technologies | Link

PUBLICATION

- **Smart Yoga Assistant, based on Realtime Processing System** | January 2023 | Link
